Hi Vince, I finished reviewing the submitted materials today, very impressive! I am attaching my comments (in PDF and Word). Since I am a first-time reviewer, please let me know if these are along the lines you were expecting or not. Thanks!

Hi Erica and Jennifer,

Now that we have officially received Santa Monica's PE package, we have to turn our attention to next steps:

1. Identify Review Team call:
  - a. **Jennifer, what's your availability from April 10-16, after 1 pm EDT?**
2. Submit PE package written comments to Vince (**tentative deadline: Friday, April 5\***) based on the following:
  - a. Has the NEP fully addressed challenges identified in the 2014 PE letter (attached)?
  - b. Has the NEP provided appropriate/enough supporting information/documents that corroborate their performance measures responses? Does their workplan summary narrative adequately describe those elements identified on page 6 of the PE Guidance (attached)?
    - i. Please write your preliminary reactions for 2b in the context of:
      1. Perceived strengths
      2. Perceived challenges
  - c. Any missing information, edits, or additional documentation you'd like to see?

As soon as I receive your written comments (no set page limit), I'll compile them. Our conference call agenda will be based on our collective preliminary findings. \*I can move the deadline depending on when our call is set, if you need more time.

Please let me know if you have questions. Looking forward to hearing from you soon.

Have a good weekend,  
Vince
